AppStrap 2.2.1 Upgrade

Document last updated: Jan 30th 2014

See CHANGELOG.txt for changes made.

BEFORE YOU BEGIN BACKUP YOUR CURRENT THEME TO SOMEWHERE SAFE!

Themelize.me is not responsible for any lost data or broken functionality incurred as a result of attempting to upgrade. Themelize.me is also not able to provide support for upgrades or custom code.

Updating

This is a minor upgrade containing mainly CSS changes.

Replace the following files to implement the update:

1. `css/bootstrap.css`
`css/bootstrap.min.css`
`css/colour-blue.css`
`css/colour-red.css`
`css/theme-style.css`
`css/theme-style.min.css`
2. Replace the `elements.htm` file.
3. Replace `/fonts` directory.
4. `js/bootstrap.js`
`js/bootstrap.min.js`
